SUMMARY

Computer Science & Engineering student with hands-on experience in Java, Spring Boot, React.js, MySQL, RESTful API Development, and Data Structures & Algorithms. Strong foundation in Object-Oriented Programming (OOP), DBMS, Operating Systems, and Computer Networks. Experienced in developing full-stack web applications using Spring Boot, React.js, and MySQL. Passionate about building scalable software solutions and seeking a Java Full Stack Developer or Software Engineer role.

EDUCATION

School Of Computer Science & Engineering Sandip University Nashik | 2026
Bachelor of Technology (B. Tech) in Computer Science & Engineering | GPA: 8.56
Government Polytechnic Vikramgad, India | 2023
Diploma in Computer Engineering (MSBTE) | Percentage: 81.43%
Science & Art College Balajinagar | Higher Secondary Certificate (HSC), Class XII | Percentage: 76.77%
SMH Huljanti | Secondary School Certificate (SSC), Class X | Percentage: 90.60%

SKILLS

TECHNICAL SKILLS

- Languages:** Java, Python, C++
- Backend:** Spring Boot, Spring MVC, Spring Data JPA, Hibernate, JDBC, REST APIs
- Frontend:** React.js, HTML5, CSS3, JavaScript
- Database:** MySQL, MongoDB
- Core Java:** OOP, Collections, Exception Handling
- CS Fundamentals:** DSA, DBMS, Operating Systems, Computer Networks
- Tools:** Git, GitHub, VS Code

SOFT SKILLS

- Problem Solving
- Communication
- Team Collaboration
- Adaptability

PROJECTS

Car Rental System (Full Stack Web Application)

Technologies: Java, Spring Boot, Spring MVC, Spring Data JPA, Hibernate, MySQL, React.js, REST APIs, Git, GitHub

- Developed a full-stack Car Rental System using Spring Boot and React.js, implementing RESTful APIs for authentication, booking, and vehicle management.
- Integrated MySQL with Spring Data JPA and Hibernate to manage 100+ sample records through efficient CRUD operations.
- Optimized database queries and API integration, reducing API response time by approximately 20% during testing.

HealthMate – AI-Powered Healthcare Web Application

Technologies: React.js, Node.js, Express.js, MongoDB, JWT, REST APIs, Git, GitHub

- Developed a full-stack healthcare application with secure user authentication using JWT and RESTful APIs built with Node.js and Express.js.
- Managed 100+ healthcare records using MongoDB with optimized CRUD operations and efficient data retrieval.
- Improved frontend responsiveness using reusable React components, reducing page load time by approximately 15% during testing.

Food Delivery Web Application

Technologies: React.js, HTML5, CSS3, JavaScript, MySQL, REST APIs, Git, GitHub

- Developed a responsive food delivery application with user authentication, menu browsing, shopping cart, and order management features.
- Integrated MySQL to manage 150+ sample menu items and customer orders using efficient CRUD operations.
- Enhanced application performance by optimizing React components and UI rendering, improving page responsiveness by approximately 20%.

CERTIFICATIONS

Java Fundamentals – Springboard: Covered Core Java, OOP concepts, and problem-solving fundamentals
TCS iON Career Edge – Young Professional – TCS iON : Developed skills in communication, workplace readiness, and business etiquette

CODING PROFILES

HackerRank (Java – 5★)
CodeChef (200+ Problems Solved)
LeetCode (Active DSA Practice)

INTERNSHIP

Java Developer Intern

Neotech King Global Solutions Pvt. Ltd., Pune | 3 Months

- Developed and maintained Java applications using **Core Java**, **OOP**, **Collections**, and **Exception Handling**.
- Implemented **JDBC** for MySQL database connectivity and CRUD operations.
- Debugged and optimized application performance by identifying and resolving software issues.
- Collaborated with the development team following **Software Development Life Cycle (SDLC)** practices.
- Utilized **Git** for version control and code collaboration.

Web Development Intern

NIITAPS | 2 Months

- Developed responsive web pages using **HTML5**, **CSS3**, and **JavaScript** following modern web development practices.
 - Built interactive and user-friendly UI components while applying responsive design principles.
 - Improved webpage performance, cross-browser compatibility, and overall user experience.
 - Collaborated on front-end development tasks using version control and debugging techniques.
-
